

TEACHING PLANNING SKILLS

**AMBITIOUS
TARGETS**

**MAKING
LOGICAL
PLANS**

Mrs Noramnah teaches the Ambitious Target tool during a Malay Language class for Year One students. The goal ? : Celebrating classmate, Ashraf's birthday. The children go through the obstacles to achieving that goal and provide the necessary steps to overcome those obstacles.

The Goal : Celebrating Ashraf's Birthday

OBSTACLES	IMPORTANT STEPS	HOW TO DO IT?	WHOSE JOB?
('x' : We don't have)(Prioritised)			
X Candles	Cake	Bake/Buy	Ashraf
X Cake	Balloons	Buy balloons	Group Pandai
X Gifts	Gifts	Bring gifts	All
X Cups/Glasses	Party Food	Nuts, cookies, sweets	Group Rajin
X Plates	Drinks	Box or can drinks	Group Cerdik
X Balloons	Cups/Glasses	Not necessary anymore	-
X Party Food	Plates	Plastic/paper	Group Jaya
X Drinks			
X Sweets			

Mrs. Noramnah was teaching about numbers as well as the vocabulary for utensils and what is used for food and drinks. She included in the discussion at the same time the values of safety, cleanliness and consideration for others while discussing the party plans.

"It is amazing how actively the children appear to respond to the lesson and the method teaches them to be systematic"
Observer, district education officer.
