

***USING CLOUDS AND NEGATIVE BRANCHES ON
THE SCHOOL GROUNDS***

Outlines of Cloud
in school compound
for the use of teachers
and children in Kuala
Dipang Primary School,
Ipoh, Perak, Malaysia.

***Negative Branch In The School Compound
and one little boy's Negative Branch.***

PART OF SCHOOL LIFE?

The preschool and Year One children of this school always use Cloud and Negative Branch to think through their actions to help them modify their behaviour.

Negative Branch techniques are already part of classroom routine in this preschool classroom.

" It normally takes a longer time and many sessions of counseling to modify their behaviour but with Negative Branch the consequences of their actions are clearer to the children. We save time to effect a change."

Mrs. Hajjah Faridah Hj.Ahmad Rashidi, ex-headmistress, Kuala Dipang Primary School, Perak."
